

Thanks to the further expansion of our group of companies and increasing portfolio of national and international projects, our offices in **Bressanone** are looking for a reliable, skilled and committed:

Mechanical Designer

AREAS OF RESPONSIBILITY

- Development of basic details for movable facade parts
- Creation of CAD plans and 3D models
- Creation of design drawings as a basis for workshop planning
- Commercial and structural optimization of technical solutions
- Independent coordination of projects

REQUIREMENTS

- Completed graduate level mechanical engineering studies
- Work experience in the construction sector, preferably in materials handling
- Good Auto-CAD skills
- Experience with 3D planning. Solid Works or Rhino would be an advantage.
- Knowledge of English

WE OFFER

- Exciting and varied work with lots of individual responsibility
- A secure position in a successful and international team
- Opportunities for both personal and career development at home and abroad
- Friendly, open-minded work atmosphere in a dynamic environment
