

## REQUIREMENTS OVERVIEW

### **Chipless machining parts**

Cladding panels  
Other sheet parts

### **Chip-removing machining parts**

Milled parts  
Turned parts

### **Steel- and metal construction**

Steel construction (light, medium, heavy)

### **Surface Treatment**

Anodizing  
Electro galvanizing  
Hot dip galvanizing  
Chromium coating  
Powder coating  
Liquid coating  
Sandblasting  
Acid cleaning

### **Glass**

Insulating glass  
Single glass panes

### **Components**

Fittings (hinges etc.)  
Gaskets  
Drive technology  
Solar protection  
Fire protection elements

### **General technical products**

Building and insulating material  
Sealants  
Silicones

### **Indirect material**

Office material  
Workshop requirements  
Auxiliary and operating materials

### **Services**

Engineering and design services  
Logistics services  
Installation services  
Rental services

### **Assembling groups**

Assembling of façade elements  
Mechanical modules  
Mechatronic modules (with and without own development work)
